# Teral-Aerotech Fans Pvt. Ltd.

<http://www.aerotechblowers.com/>

We are considered in the market to be amongst the leading exporters, manufacturers and suppliers of this commendable range of Industrial Equipments. Further, the offered range is widely praised for its superior performance and longer service life.

## About Us

One of the finest exporters, manufacturers and suppliers of this commendable range of Industrial Equipments, we **Aero Tech Equipments & Projects Private Limited** began our operations in the year **2003**. Air Handling Equipments, Air Handling Fans and Air Pollution Control Equipment, makes up this impeccable and highly asked for range. Its manufacturing is done following the norms and guidelines of the industry and utilizing the finest raw materials and advanced technology. Owing to this, the range has a superior strength, capacity, performance and service life. In addition to this, we provide the offered range, at the most reasonable rate possible.

In order to maximize our reach in the market, our infrastructural facility undergoes regular up-gradation. All the necessary machinery and amenities present in the facility, facilitates the attainment of a number of the firm's predefined objectives. To managing the operations of the firm, in a manner which is smooth and effective, the facility has been parted into a number of highly operational units. These units, with high level of dedication, help us maximize the firm's production capacity. In addition, our client base, comprising Harig India Ltd, New Holland Tractors (I) Pvt Ltd and VXL Engineers Ltd, is owed to our abidance of industry norms and ethics. Our exporting countries are **Sri Lanka, UAE and Nigeria**.

Under the supervision of **Mr. Vikas Saxena**, we have managed to attain greater heights of success in the past years of our existence. His ability to understand market changes and manage, have been amongst our most valuable assets.
